REQUIRED IDENTIFICATION FOR TESTING

1. Two forms of identification. Please see "What to Bring" in the Exam Day section for a complete description of identification required for taking your exam in a testing center.

REQUIRED DOCUMENTATION FOR LICENSURE

1. Passport Photo - photos must have a white background and be of passport quality.
2. Work Authorization - a document that establishes authorization to work in the United States. (Social Security Card, US Birth Certificate, Work Visa, Permanent Resident Card, other US agency authorization documentation) or ITIN documentation.
3. Transcript - contact the beauty school you attended to obtain this document. You should have this document before submitting this application.

*All documents in a language other than English must be translated into English before being submitted.

RECIPROCITY FOR COSMETOLOGY

If you are licensed in another state, you may be eligible for reciprocity. Reciprocity is Nevada's recognition of your license in esthetics, cosmetology, hair braiding, hair design, nail technology and your license to instruct from another state, district, territory, or country. The total cost for submitting a reciprocity application is a non-refundable fee of \$325.00.

In order to be eligible for reciprocity in the State of Nevada, your license must be active and in good standing in another state. Applicants must complete an Individual Application and submit the required information and pass a 25-question Nevada State Law Test with a 75% or higher to become licensed.

Please Note: Nevada does not recognize Florida licenses titled Nail Specialist, Facial Specialist or Full Specialist. The scopes of practice for these licenses are not comparable to a license in the State of Nevada. Nevada also does not recognize Alaska's Manicurist license and only recognizes the Advanced Manicurist license. This is due to the training requirements for the Manicurist license not being comparable to Nevada's Nail Technician license.

REINSTATEMENT

If your license has expired for over 4 years, you are no longer eligible to renew your license. You will need to reinstate the license in order to get the license in an active status. If you are not currently licensed in any other state within the US, you will need to complete an Individual Application, which can be submitted on our website or completed in the office. You will need to provide us with a government-issued photo ID in your current name (driver's license, passport), passport quality photo, work authorization document (social security card, ITIN documents), and \$125 payment. Once the application has been received with all of the required documents, you will be scheduled to retake all of your exams at one of our office locations. You must pass the practical, theory, and law exams with a 75% or higher. After the tests have been passed, you have the option of paying \$70 for a 2 year license or \$140 for a 4 year license.

APPLICATION AND SCHEDULING

ADA ACCOMMODATIONS

Pearson VUE complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to the test. Accommodations are not a guarantee of improved performance or test completion. Pearson VUE provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for accommodations.

Test accommodations may include things such as:

- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to <http://pearsonvue.com/accommodations>, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator by e-mailing accommodationspearsonvue@pearson.com.

ENGLISH AS A SECOND LANGUAGE (ESL) ACCOMMODATIONS

Candidates who wish to have an ESL accommodation must submit the request to the Nevada State Board of Cosmetology prior to scheduling. If the accommodation is approved, the state will contact Pearson VUE to schedule the appointment with a court-approved interpreter.

SCHEDULING LEAD TIMES

You must schedule your exam at least forty-eight (48) hours in advance.

TEST SITES

Theory exams will be offered at all U.S. Pearson VUE owned computer-based testing facilities. The Nevada Law exam will be offered at all U.S. Pearson VUE owned computer based testing facilities, Pearson VUE partner sites in the state of Nevada, and military bases worldwide. You may visit the Pearson VUE website and select the Nevada Cosmetology program to search for a convenient testing location

Once you have received your Authorization to Test notice, please go to the Pearson VUE website to register for your exam or check for available seat times based on your authorized exam.

CANCELLATION AND RESCHEDULING

If you cannot attend your Exam, you must contact Pearson VUE at least forty-eight (48) hours before the day of the exam to reschedule. If you do not attend your exam, and have not contacted Pearson VUE at least forty-eight (48) hours before the exam date, your exam fee will NOT be refunded and you cannot transfer the fee to another exam date. You may not give your exam date to another person. If you miss your appointment for any reason, you must contact the Nevada State Board of Cosmetology for a new authorization.
